<Logga: Your affiliation>

Title of your poster

First Author, Second Author, …, Last Author

Keep your presentation on one slide (you only have one minute). Pictures, charts and tables… You can change the font size but don't alter the bottow row. Please, fill in the bottom row -- we need your Paper ID and title for getting it right. Send it in as a ppt or pdf document with paper ID and name.

Remember: it is better to present one provoking slide that attract the audience to your poster, than presenting too much information that do not reveal what is of interest!
